4. Business Area

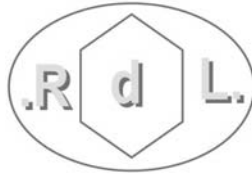

4.1 Industrial Graphics

	KISSEL + WOLF GmbH
	Screen printing emulsions, adhesives and chemicals. CTS – Digital Computer to Screen, direct UV light exposing, DMD/DLP technology.
	GERMANY http://www.kiwo.de/
	ALBERT ROSE
	Textile emulsions, adhesives and chemicals.
	GERMANY http://www.kiwo.de/
	ULANO INTERNATIONAL (V.I.) INC.
	Films: knife cut, capillary, thick and special products. Direct projection camera emulsions.
	SWITZERLAND http://www.ulano.com/
	SEFAR
	Screen printing high quality Swiss mesh.
	SWITZERLAND http://www.sefar.de/
	G. BOPP + CO. AG
	Stainless steel high quality Swiss mesh.
	SWITZERLAND http://www.bopp.ch/
	HURTZ
	High quality aluminium frames for graphic industry.
	GERMANY http://www.hurtz.de/

Ruy de Lacerda & C^a. Lda.

 Marabu	MARABUWERKE GMBH & CO.
	Screen printing and pad printing ink and additives.
	GERMANY http://www.marabu.com/
 PARAGON INKS uv specialists	PARAGON INKS
	UV Inks for all application areas, Reel to Reel, on labelling.
	ENGLAND http://www.paragoninks.co.uk/
 TOKA.	TOKA
	UV ink for Offset sheet to sheet for labels, dry and wet.
	JAPAN http://www.tk-toka.co.jp/english/
 WEILBURGER Graphics GmbH	WEILBURGER GRAPHICS GmbH
	Offset varnishes (water based, UV cured and solvent based). Special effects for offset finishing.
	GERMANY http://www.weilburger-graphics.de/
 GRÜNIG	GRUNIG – INTERSCREEN AG
	Screen printing stretching, coating, decoating, drying and washing machines.
	SWITZERLAND http://www.grunig.ch/
 KÜHNAST Strahlungstechnik	KÜHNAST STRAHLUNGSTECHNIK GmbH
	Stencil exposing technologies and UV dryer's technology.
	GERMANY http://www.uv-technology.de/
 SignTronic AG	SIGNTRONIC
	StencilMaster direct exposing CTS – Computer-to-screen.
	SWITZERLAND http://www.sign-tronic.ch/

Ruy de Lacerda & C^a. Lda.

	SPS TechnoScreen GmbH	
	Screen printing cylinder machines and dryers.	
	GERMANY	http://www.sps-technoscreen.com/
	THIEME GmbH & Co. KG	
	Screen printing flat machines, dryers and auxiliary equipment.	
	GERMANY	http://www.thieme-products.com/
	AGFA Graphics N.V.	
	Digital and graphic automatic printing solution - M-Press Tiger "In-Line". High quality \ Speed and <u>better costs</u> efficiently.	
	GERMANY	http://www.agfapress.com/
	ROKUPRINT	
	Screen Printing Machines for small formats.	
	GERMANY	http://www.rokuprint.com
	SMAG	
	Reel to reel flat bed screen printing and finishing equipments for labelling.	
	FRANCE	http://www.smag-graphique.com/
	ISIMAT GmbH	
	Screen printing multicolour lines, servo driven with UV curing for plastic packaging (containers and tubes) as well for glass packaging (patent surface glass treatment UVitro).	
	GERMANY	http://www.isimat.de/

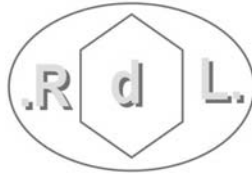

Ruy de Lacerda & C^a, Lda.

	GIDUE
	Narrow web flexographic label, packaging, IML and shrinkable films, printing machines.
	ITALY
 <small>Iwasaki Tekko co., Ltd.</small>	IWASAKI TEKKO
	Narrow web reel to reel offset, wet and dry, printing lines, for labelling.
	JAPAN
 <small>KBA-MePrint AG</small>	KBA – MePrint AG
	Dry offset printing machine “ Genius 52 UV “.
	GERMANY
 <small>VVIKO HOLDING</small>  <small>BILLHÖFER GRAPHIC MACHINES • SYSTEMS</small>	VVIKO Maschinenfabrik GmbH
	Laminating (water based and thermic) and varnishing machines.
	GERMANY
 <small>ENVIRO - CHEMIE Water and Waste Water Treatment</small>	ENVIRO-CHEMIE
	Wastewater, process water and water recycling automatic systems.
	SWITZERLAND
	RKS
	Squeegee blade and flood coater glass fiber carbon and vulkolan.
	GERMANY
	NATGRAPH Ltd
	High technology drying systems for industrial screen printing on ink, varnish, pastes and industrial mediums.
	ENGLAND

Ruy de Lacerda & C^a, Lda.

 Erhardt + Leimer	ERHARDT+LEIMER GmbH	
	Specialist for system solutions and automation technology on running webs and belts. Worldwide leading supplier of control, guiding, and inspection systems for the textile, paper, corrugating, film, tire, rubber, non-woven and printing industries.	
	GERMANY	http://www.erhardt-leimer.com/

Ruy de Lacerda & C^a, Lda.

4.2 Cutting Industry

	ROLFMEYER	
	Doctor blades, tucker blades and jaw blades, cutting knives and perforation knives, wear and spare parts for printing and packaging machines, for graphic industry.	
	GERMANY	http://www.rolfmeier.de/
	IKS KLINGELNBERG	
	Knives for paper, carton and plastic industries.	
	GERMANY	http://www.interknife.com/
	LUTZ BLADES	
	Industrial blades and knives for different cutting applications.	
	GERMANY	http://www.lutz-blades.com/

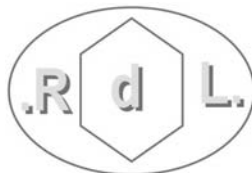

4.3 Plastics & Rubber Industry

	DSM ENGINEERING PLASTICS BV	
	Supplier of: PA 6, PA 6.6, PA 4.6, PC, PC/ABS, PBT, PET, TPE-E.	
	HOLLAND	http://www.dsmep.com/
	TEKNOR APEX Co.	
	TPV's – Thermoplastic vulcanizates.	
	HOLLAND	http://www.teknorapex.com/
	RHEIN CHEMIE RHEINAU GmbH	
	Rubber Processing Chemicals.	
	GERMANY	http://www.rheinchemie.com/
	OERLIKON NEUMAG	
	The world's leading supplier of machinery and plants of the production of BCF carpet yarn, synthetic staple fibres and nonwovens (SpunBond technologies).	
	GERMANY	http://www.neumag.de/
	OERLIKON BARMAG – Tapes & Monofilaments Lines	
	High technology extrusion lines for tapes, monofilaments, ropes, baler twine, sewing, artificial grass, big bags, GEO and agro textile. Winders.	
	GERMANY	http://www.barmag-chemnitz.de/
	YAPAREX BV	
	Extrudable adhesive resins.	
	HOLLAND	http://www.yparex.com/

Ruy de Lacerda & C^a, Lda.

	KUHNE GmbH	
	Extrusion lines for blown and flat film and sheet lines. Co-extrusion specialists.	
	GERMANY	http://www.kuhne.de/
	ROLLEPAAL B.V.	
	Extrusion lines and tooling for the production of plastic pipes. Multilayer pipes specialists.	
	HOLLAND	http://www.rollepaal.com/
	THERMO SCIENTIFIC	
	A wide range of on-line, non-contact thickness measurement for flat-sheet applications.	
	ITALY	http://www.thermo.com/
	GEISS AG	
	Thermoforming high tech solutions in plastic processing / Multi-axe CNC trimming.	
	GERMANY	http://www.geiss-ttt.com/
	NGR – Next Generation Recyclingmaschinen GmbH	
	Recycling Machines for plastic Waste.	
	AUSTRIA	http://www.ngr.at/
	AMUTECH srl	
	Plastic Bags making machines, for bottom seal, Mix seal or shaped seals as garment covers bags on roll, suited to operate in line with extruders or roll-to-roll.	
	ITALY	http://www.amutechsrl.com

	DR COLLIN GmbH	
	High-quality machinery and process technology experience in all areas of plastics processing ensure that the development objectives of customers are achieved quickly and reliably on COLLIN's equipment. Collin offers processing equipment on an extremely small scale for rapid and cost-effective investigation of materials all the way to pilot production systems <u>that permit reliable scale-up to production scale.</u>	
	GERMANY	http://www.drcollin.de
	B + B Anlagenbau GmbH	
	In-line equipments for washing, drying and separation processed plastic material – pre-recycling treatment.	
	GERMANY	http://www.bub-anlagenbau.de
